

BIOMETRIX CPT

Custom Procedure Tray for Obstetrics & Gynecology

Biometrix Obstetrics & Gynecology custom procedure tray includes a full line of medical devices for obstetrics and gynecology procedures for operating and delivery rooms.

Comprised of Biometrix exclusive single-use components, and tailored to answer individual needs; the tray enables focus on the patient and offers immediate treatment in a completely sterile environment.

Biometrix Obstetrics & Gynecology CPT provides a reliable and efficient procedure tray, ensuring high performance and significantly reducing overall surgical procedural expenses:

- Manage emergency cases quickly and confidently
- Reduce cost and setup time of overall procedures
- Simplify and quicken stocking and restocking
- Minimize cross contamination with sterile single-use products
- Save space and minimize waste with compact packaging

PRODUCT BENEFITS

Biometrix offers an extensive choice of first class components, allowing you to create the optimized tray and save your organization time, money and hassle.

You are just a few steps away from your individual user-friendly Biometrix Obstetric & Gynecology CPT.

- Please select the components of your choice from the product range.
- Review the (non-sterile) sample tray, provided for your convenience.
- Discuss proposal and receive contract offer.
